- Watching Cricket

Profile Summary

Possessing a BSc (CS) from Government Arts and Science College, Perumbakkam, I am currently undergoing training as a Python Full Stack Developer at Qspider, specializing in web technologies such as HTML, CSS, and JavaScript. Proficient in coding with Python and creating frameworks using Django, I also have a year of experience in the non-IT sector at Amazon warehouse. Concurrently, I am pursuing a Master's degree from Madras University. My aim is to leverage my skills in web development and Python programming to contribute effectively to a dynamic IT environment.
